

COMMITTEE HAS  
204 CONTESTSRoosevelt Men File 177 and  
Taft Followers Only 27.

LESS THAN FOUR YEARS AGO

Principal Issues Raised by President's  
Friends Are From Missouri and  
Texas—Contests So Far on Hand  
Come From Eighteen States and the  
District of Columbia.Chicago, May 31.—When the Re-  
publican national committee meets in  
Chicago June 6 it will be called on to  
decide 204 contests. Four years ago  
there were 219 contests submitted.Of the 204 contests filed with Sec-  
retary Hayward 177 were presented by  
followers of Colonel Roosevelt and 27  
by friends of President Taft.The principal contests filed by the  
Taft managers are from Missouri and  
Texas.In Louisiana three sets of delegates  
were elected at large and in the First,  
Second, Fourth and Fifth districts  
two sets were named by the support-  
ers of President Taft and one was se-  
lected by friends of Colonel Roosevelt.More delegates than the number  
specified in the call for the conven-  
tion were chosen at large in Alabama,  
in the Fifth district of Kentucky, in  
the Fourth district of Minnesota, in  
the Seventh district of Texas and in  
the First, Tenth and Eleventh dis-  
tricts in Georgia.Secretary Hayward has classed  
these as contests and the committee  
will be required to determine what  
will be done with the cases.There are contests from eighteen  
states and the District of Columbia.

More Contests May Appear.

Chairman New of the subcommittee  
on arrangements said that no other  
contests than those subjoined had  
been received, but it was possible that  
a few others might be in the mail  
bearing an early enough postmark to  
make them legal.Joseph B. Keating, former United  
States district attorney at Indianapo-  
lis, arrived in Chicago from Texas,  
where he looked after President Taft's  
interests in the recent primaries and  
conventions and reported to Chairman  
New of the subcommittee on arrange-  
ments for the convention that Taft  
and Roosevelt each have six instructed  
delegates from that state while the  
remaining twenty-eight are contested.Chairman New reiterated his pre-  
vious declaration that no presidential  
candidate would be recognized in the  
distribution of convention tickets, but  
added that if Colonel Roosevelt came  
to Chicago and applied for a ticket in  
person he would provide him with a  
card of admission even if he had to  
give him his own seat.Roosevelt's Chicago managers in a  
statement claim their candidate will  
have 581 votes, or more than enough  
to nominate, on the first ballot.They give Taft 191, La Follette 36,  
Cummings 10 and class the other de-  
legates as uninstructed.

## PLAN BUTT-MILLET MEMORIAL

President, Diplomats and Other Of-  
ficials Contribute to Fund.Washington, May 31.—President  
Taft, members of the diplomatic corps  
in Washington and many government  
officials have contributed to a fund of  
several thousand dollars which is to  
be used to erect a memorial to two  
victims of the Titanic disaster, Major  
Archibald W. Butt, personal aide to  
two presidents, and Frank D. Millet,  
vice chairman of the national fine  
arts commission.The work of raising the fund was  
undertaken quietly by C. D. Hilles,  
secretary to President Taft, and Col-  
onel Spencer S. Colby, chief aide to the  
president. The memorial, in the form  
of a bronze tablet, probably will be  
erected in the "ellipse" back of the  
White House and almost within its  
shadow. Authorization by congress  
will be necessary, but there is no  
doubt among friends of the two men  
that it will be granted.

## DIXON INSISTS ON TICKETS

Calls New Narrow and Appeals to  
Committee.Washington, May 31.—Senator Dix-  
on, manager of the national Roosevelt  
committee, aroused over the refusal  
of Harry S. New, chairman of the sub-  
committee of the national committee  
on arrangements for the Republican  
convention to allot him 250 tickets  
for the use of Colonel Roosevelt, his  
family and friends, determined to  
demand recognition from the national  
committee. After receiving word that  
his request for tickets would not be  
granted Senator Dixon sent a tele-  
gram to Chairman New at Chicago  
saying he will take the matter up with  
the national committee.

## Canoes Cause Two Drownings.

St. Paul, May 31.—As a result of  
canoes overturning in the Minnesota  
river while their occupants were upon  
outings two young men, one a student  
of the St. Paul seminary and the other  
a Minneapolis high school boy, went  
down to their death. The dead are  
John Anthony Logar, twenty-four  
years old, of St. Paul, and Norman  
Grafton, sixteen years old, of Min-  
neapolis.

J. J. FITZGERALD.

Roosevelt Says Congressman  
Has Guinea Pig Power Brains.

© 1911, by American Press Association.

## "GUINEA PIG POWER BRAINS"

Colonel Coins New Phrase Replying  
to Fitzgerald Accusation.Pittsburg, May 31.—"Only men with  
brains of three guinea pig power," ac-  
cording to Colonel Roosevelt, can take  
serious heed of Congressman Fitzger-  
ald's speech about the colonel. Mr.  
Fitzgerald read what purported to be  
a memorandum of President Roosevelt  
relating to alterations to the White  
House "to be permanent during my  
lifetime.""Mr. Fitzgerald's accusation, or the  
implied accusation, is too preposter-  
ous to need any serious discussion,"  
said Colonel Roosevelt here. "Just  
as machinery can be expressed in  
terms of horse power so some intel-  
lects can be expressed in terms of  
guinea pig power. That kind of ac-  
cusation can only be heeded by men  
with brains of about three guinea pig  
power."DEMOCRATSMAY STICK  
TO TWO-THIRDS RULEMany Believe Republican Con-  
test Proves Justification.Washington, May 31.—When the  
Democratic national convention meets  
in Baltimore June 25 it will again  
face a proposition that the two-thirds  
rule be abolished. It is quite certain,  
however, that the proposition will find  
fewer supporters this year than ever  
before, owing to the striking object  
lesson afforded by the spectacular con-  
test between President Taft and Col-  
onel Roosevelt on the Republican side.If the Republican convention had  
the two-thirds rule, say prominent  
Democrats, there would be no such  
spectacle as the country has been  
watching for more than a month past.  
Neither Taft nor Roosevelt, these  
Democrats add, could hope to get two-  
thirds of the convention and a con-  
test such as they are now waging  
would be certain to result in the nomi-  
nation of a compromise candidate, to  
be picked out, in all probability, after  
the convention had assembled.This would mean a campaign for  
the nomination very different in its  
essential features from the one now  
drawing to a close. A good many  
Democrats who heretofore have fa-  
vored doing away with the two-thirds  
rule say its existence has been abun-  
dantly justified by the Republican sit-  
uation and that if any effort is made  
this year to repeal it the effort will  
not attract great attention.

## WILL SOON BE BILLIONAIRE

John D. Rockefeller Has Income of  
\$140 a Minute.New York, May 31.—John D. Rocke-  
feller is now worth more than \$900,-  
000,000, according to estimates pub-  
lished by the World. The dissolution  
of the Standard Oil company, it is  
said, has added more than \$100,000,-  
000 to the value of the oil king's stock  
holdings in the last year. The news-  
paper statisticians figure his income is  
about \$60,000,000 a year, or more than  
\$140 a minute.

## CARD INDEX HOTEL REGISTER

Chicago Hotel to Relegate Book to  
Maintain Secrecy.Chicago, May 31.—One of the large  
downtown hotels announced that its  
old fashioned book register would be  
relegated immediately. Instead of  
signing a register guests will sign  
cards which will not be displayed  
publicly."The curious persons who scan  
every register they can find are large-  
ly responsible for the change," ex-  
plained the clerk. "Then, too, there  
are those who do not stop at gazing  
at the register, but upon finding a  
guest's room number will go to him  
to solicit funds or to subject him to  
other annoyances."THE HOT WEATHER  
HAD BAD EFFECTBlamed For Ill Feeling Shown  
by Members of Congress.

## INCIDENTS WERE UNUSUAL

Interruptions, Contradictions and Re-  
flections Upon Motives Prevailed  
Panama Canal Bill Consideration an  
Instance—Bourne's Bill For Wireless  
Regulation Likely to Pass.

By ARTHUR W. DUNN.

Washington, May 31.—(Special.)—  
Hot weather brought forth the accu-  
mulated irritation of many months  
confinement in the capitol, and mem-  
bers frequently made tart responses  
to interruptions, indulged in flat foot-  
ed contradictions, questioned the  
knowledge of each other and some-  
times reflected upon the motives of  
each other. Members have reached a  
stage where they do not care to con-  
tinue working six hours a day in the  
house and have much of their time  
taken up in trivial matters. More par-  
ticularly was the ill feeling displayed  
during the consideration of the Pan-  
ama canal bill.Men who were in favor of free tolls  
for the coastwise trade of the United  
States were charged with being in fa-  
vor of subsidies. Others who did not  
want to exclude ships because they  
were owned by railroads were accus-  
ed of being favorable to railroads. In  
language which strained parliamentary  
usage to some extent these insinua-  
tions were made back and forth with  
directness that could not be misunder-  
stood.

## A Few Samples.

Congressman Michael Driscoll of  
New York was opposing free tolls and  
took knowledge of California and  
Humphrey of Washington to task  
over the advocacy they gave free tolls.  
"There are different degrees of greed  
and selfishness," said Driscoll, "but  
knowland is not quite so nifty as  
Humphrey.""It is one of the amusing features  
of this debate," remarked Stevens  
of Minnesota, "to notice the agony of  
Mr. Broussard of Louisiana in opposi-  
tion to the terrible railroads. It is the  
first spasm that the members of the  
committee have noticed so far during  
his service on the interstate and foreign  
commerce committee."

## East and West Clash.

Congressman Flood of Virginia had  
in charge a bill granting a street rail-  
road franchise in Hawaii, and Con-  
gressman Raker of California asked  
what was the character of the capital  
going into the enterprise."It is money," responded Flood, and  
there was a laugh at Raker's expense."Is that as definite and intelligent  
an answer as the gentleman intends  
giving to the question?" asked Raker."It is as intelligent as the question,"  
replied Flood."Under the circumstances I object  
to the consideration of the bill," was  
Raker's retort."That is in keeping with the gentle-  
man's conduct—to defeat a great pub-  
lic enterprise because he is angry with  
me," said Flood.And then Raker withdrew his ob-  
jection and the bill was passed.

## Bourne's Wireless Bill.

It begins to look as if Senator  
Bourne's radio communication bill,  
really wireless regulation, was going to  
pass this congress. The bill passed  
the senate with only one opposing  
voice and has been reported without  
amendment from the house committee  
on merchant marine and fisheries. The  
committee says the Bourne bill suits  
it and recommends its passage without  
change. This bill will go a long way  
toward regulating wireless communica-  
tion.

## Constitutional Changes.

If the amendment to the constitution  
should pass which limits the president  
to one term of six years an attempt  
will be made to change the date of  
inauguration at the same time. There  
is some doubt about such an amend-  
ment passing for the reason that it is  
known to be aimed at one particular  
individual just now, although it could  
not be ratified in time to prevent the  
election of any man seeking another  
term, provided he got votes enough.

## There's More Possibility of Passing

the Crawford resolution limiting the  
terms of circuit and district federal  
judges to ten years. At present these  
are life appointments, and there is  
quite a deal of criticism about life  
tenure of any judge. In fact, there is  
quite a demand for the recall of judges.

## Spanish War a Picnic?

Congressman Roddenberry has sev-  
eral times insisted that the Spanish  
war was little more than a picnic,  
especially for those who were in camps  
in this country and never moved to the  
front. "The boys were glad to go to  
Chickamauga with a brass band and  
enjoy a season of camp life," said the  
Georgia congressman. "They were in  
camp with good rations, good tents and  
enjoyed a picnic the like of which  
young men in this country will prob-  
ably never see again. They were led  
around in the shadow of the moun-  
tains, in the green valleys, where they  
had fresh Tennessee chicken and Ken-  
tucky eggs and mountain trout in  
abundance, with honey from the hill-  
side and sirup from the cane patch,  
where they fed and fattened in the  
most luxurious living any young  
American ever had."

## Well Fed.

"Tramps always seem to get enough  
to eat." "Of course! Isn't life one big  
loaf to them?"—Boston Transcript.

CLAUDE GRAHAME-WHITE.

English Aviator Pays High  
Tribute to Wilbur Wright.

Photo by American Press Association.

## PAYS TRIBUTE TO WRIGHT

Grahame-White Refers to Him as  
"Edison of the Air."London, May 31.—Claude Grahame  
White, the English aviator, announces  
his intention to organize the greatest  
flying meeting yet held at Hendon  
He will invite 200 airmen to take part  
in the competitions for the purpose of  
raising a fund to erect a memorial to  
Wilbur Wright. He says Wilbur  
Wright might almost be described as  
"The Edison of the air."AEROPLANE CRASHES  
INTO GRANDSTANDOne Man Killed and a Number  
of Persons Injured.Seattle, Wash., May 31.—J. Clifford  
Turpin, the aviator, dashed into the  
front of the grandstand at The Meadows  
in his first effort at flight, fatally  
injuring a man and child and less  
seriously injuring fifteen other per-  
sons, six of them women.The man and the child who were  
fatally hurt were taken to the County  
hospital, where the man died. He  
was George Quinby, twenty-five years  
old, of Galesburg, Ill. His entire face  
was torn off by the propeller. The  
child's name is Raymond Chapman.  
He is ten years old.Both Turpin and Phil Parmalee,  
his partner, declare the accident was  
caused by a spectator, who ran across  
the track in front of Turpin as he  
was headed north preparatory to ris-  
ing.The aeroplane was traveling at fifty  
miles an hour and Turpin tilted the  
right wing in order to miss the man.  
He was unable to right the machine  
in time and it swerved toward the  
grandstand.

## UNABLE TO REGAIN BOAT

St. Paul Young Man Drowns in Chi-  
sago Lake.Chicago City, Minn., May 31.—Dan  
Abern, twenty-five years old, son of  
John J. Abern of St. Paul, was drowned  
in Chicago lake. John Abern, Jr.,  
formerly a newspaper man in St. Paul,  
narrowly escaped the same fate as his  
brother.The young men intended going fish-  
ing so went out on the lake for min-  
nows. Mrs. Abern, their mother, could  
see them sailing from the shore.  
When they had finished one suggest-  
ed that they go in swimming. Both  
dived from the rowboat. A stiff wind  
was blowing and soon the craft was  
fast being carried away. Both young  
men soon noticed this and did their  
utmost to overtake it. The boat drift-  
ed faster than they could swim and  
Dan became exhausted and sank.

## WORLD'S OLDEST MASON DEAD

John Dempsey, Aged Ninety-seven,  
Passes Away in Canada.Neepawa, Man., May 31.—John  
Dempsey, ninety-seven years old, and  
admittedly the oldest Mason in the  
world, died at his home here.  
He was born in County Antrim, Ire-  
land, and came to Canada in 1844, first  
living at Middlesex, Ont. He came to  
Manitoba in 1882. He became a Mas-  
on at the age of twenty-one years  
and was well known in Masonic cir-  
cles throughout Canada and the West-  
ern states.

## Veteran Tears Down Red Flag.

Muscatine, Ia., May 31.—A red flag  
floating above the Stars and Stripes  
from the Socialist headquarters caused  
a stir. Henry Bowman, a crippled  
veteran, climbed a stairway and pulled  
down the red flag. His act was cheered  
by the crowd that gathered.

## Sought Death With Bomb.

Calumet, Mich., May 31.—Otto Tour-  
mal, aged twenty-two, killed himself  
on his mother's farm near here by  
exploding a dynamite bomb beneath  
his body while lying down in a field.  
His left side was torn open and his  
shoulder shattered. Death was instan-  
taneous. Ill health inspired the act.SENATE PASSES  
PENSION BILL

## WAITERS' STRIKE SPREADING

Nine Hundred More Join in New York  
City Contest.New York, May 31.—Father Knicker-  
bocker had his dinner interrupted  
again when the union waiters, cooks  
and kitchen help in six leading hotels  
and two of the largest Broadway res-  
taurants joined the strike. Thousands  
of diners had given their orders and  
some had been served with the first  
courses when the hotel employees de-  
serted. In some of the hotels strike-  
breakers were placed in the dining  
rooms and service continued with  
slight interruption.At the headquarters of the Inter-  
national Hotel Workers' union it was  
announced that 900 men joined the  
strike, making the total number now  
out about 2,000.

## DOES NOT NEED DELEGATES

But Taft Insists His Friends Run Ohio  
Convention.Washington, May 31.—President  
Taft sent a telegram to Arthur L.  
Vorys, Republican national commit-  
teeman for Ohio, declaring that while  
he does not need that state's six de-  
legates at large to procure the presiden-  
tial nomination he will not consider a  
compromise in the Ohio state conven-  
tion. The telegram says:"I hope my friends will not consider  
for a moment the suggestion of a com-  
promise in the state convention. The  
senate passed the annual pension appropria-  
tion bill after fifteen minutes consid-  
eration. The measure carried \$185,-  
162,500, an increase of almost \$13,-  
000,000 over the amount appropriated  
by the house. The increase includes  
\$12,500,000 for expenses caused by  
the heavy volume of work growing out  
of the recent enactment of the so  
called dollar a day pension law.The bill retained the present eight-  
teen pension agencies distributed  
throughout the country, for whose  
consolidation into one agency the  
house had provided. It also provided  
for the payment of pensions by  
checks to the veterans instead of by  
vouchers. The bill goes to confer-  
ence between the two houses.

ARTHUR I. VORYS.

votes involved are not necessary to  
my nomination. I can stand their loss  
and am content to be beaten in Ohio,  
but I cannot yield any votes by agree-  
ment. The principles that we repre-  
sent are too important to the country  
to lose anything by our voluntary con-  
cession. I hope, therefore, that you  
and my friends will press the con-  
test to the end in the state conven-  
tion."

## VICTIM OF TYPHOID FEVER

Wilbur Wright, Noted Aviator, Dies at  
Dayton, O.Dayton, O., May 31.—Wilbur Wright,  
noted aviator, died of typhoid fever.  
Death came after an illness of about  
three weeks. Wright had been near  
death for many days and, although  
his condition from time to time gave  
some hopes to members of his family,  
the attending physicians maintained  
throughout the latter part of his sick-  
ness that he could not recover.When the patient succumbed there  
were at his bedside the members of  
his family, which includes his aged  
father, Bishop Milton Wright, Miss  
Catherine Wright, Orville, the coin-  
ventor of the aeroplane; Reuchlin  
Wright and Lorin Wright.

## One Life Lost in Fire.

Moose Lake, Minn., May 31.—Arthur  
Bloomquist was burned to death and  
eight other persons were injured in a  
fire which occurred here and destroyed  
property valued at \$25,000. The fire  
started in a restaurant.

## High Standards.

Hobb—Is your wife critical? Nobb—  
Frightful! She is almost as bad as my  
fifteen-year-old daughter.—Life.

Sum Fixed by House.

## RETAINS EIGHTEEN AGENCIES

Upper House Rejects Plan to Consoli-  
date Pension Stations and Provides  
for Payment to Veterans by Checks  
Instead of Vouchers—Steel and Iron  
Tariff Revision Bill Also Given Fa-  
vorable Action.Washington, May 31.—The senate  
passed the annual pension appropria-  
tion bill after fifteen minutes consid-  
eration. The measure carried \$185,-  
162,500, an increase of almost \$13,-  
000,000 over the amount appropriated  
by the house. The increase includes  
\$12,500,000 for expenses caused by  
the heavy volume of work growing out  
of the recent enactment of the so  
called dollar a day pension law.The bill retained the present eight-  
teen pension agencies distributed  
throughout the country, for whose  
consolidation into one agency the  
house had provided. It also provided  
for the payment of pensions by  
checks to the veterans instead of by  
vouchers. The bill goes to confer-  
ence between the two houses.

## BILL GOES TO CONFERENCE

Senate Passes Steel and Iron Tariff  
Revision Measure.Washington, May 31.—The house  
steel and iron tariff revision bill  
passed the senate, 35 to 22, repealing  
the Canadian reciprocity law, putting  
a universal duty of \$2 a ton on pig iron  
and ferro-silicon. The bill now goes  
to conference with the house.The metal bill went through by de-  
fault, many of the regular Republic-  
ans disappearing in order to allow the  
Democratic bill instead of the Cum-  
mins substitute to go through and per-  
mit the president to veto a straight  
Democratic measure. Only one Rep-  
ublican, Senator Gronna of North  
Dakota, voted for the bill, while the  
entire negative vote was cast by Rep-  
ublicans.The bill is the first of a series of  
house tariff bills to be voted upon by  
the senate.

## LORIMER CASE NEXT MONDAY

Senate Will Take Up Illinois Election  
Incident.Washington, May 31.—The Lorimer  
election case will be brought up in  
the senate next Monday, immediately  
after the routine morning business.  
Senator Kern of Indiana, for the mi-  
nority, who holds that corrupt prac-  
tices were used in bringing about Mr.  
Lorimer's election, made that an-  
nouncement to the senate.Senator Kern stated he proposed to  
call up the Lorimer case then and to  
keep it before the senate as "unfin-  
ished business" until it was disposed  
of. He said he had communicated  
with Senator Lorimer asking him  
when he would be here and had re-  
ceived no response. The minority, he  
said, therefore had decided not to de-  
lay the matter longer.

## DENIES HE MIGHT RESIGN

Solicitor McCabe Intends Serving Out  
His Term.Washington, May 31.—George B. Mc-  
Cabe, solicitor for the department of  
agriculture, who has been one of the  
principals in practically all of the  
troubles that have marked the admin-  
istration of Secretary James Wilson,  
denied a report that he intends to  
resign.Friends of Mr. McCabe say it is his  
purpose to serve in the department  
until the end of the present adminis-  
tration, when he will return to the  
practice of law. Mr. McCabe will not  
retire before then, it was stated, un-  
less asked to do so by either the pres-  
ident or the secretary of agriculture.

## THREE KILLED BY TRAIN

Great Northern Laborers Step in  
Front of Passenger.Duluth, May 31.—Three laborers  
employed by the Great Northern were  
struck by a passenger train and killed  
five miles west of Carlton. They  
stepped out of the way to allow an  
ore train bound north to pass and  
stood on a parallel track on which a  
passenger train was coming to Du-  
luth. The train was upon them before  
they realized their danger. The killed  
are James Lee, Henry Lake and N.  
Murphy.

## Longfellow's Grandson to Marry.

Cambridge, Mass., May 31.—Dr. Ed-  
mund Trowbridge Dana, grandson of  
the poet Longfellow and an instructor  
in philosophy at Harvard, will be mar-  
ried here on June 15 to Miss Jessie  
Holliday, an English portrait painter.

## Fishing Party Drowned.

Hannibal, Mo., May 31.—Four per-  
sons were drowned near here when a  
skiff in which they had started out  
on a fishing trip was capsized in the  
Mississippi river.

## COMMITTEE HAS 204 CONTESTS

Roosevelt Men File 177 and Taft Followers Only 27.

LESS THAN FOUR YEARS AGO

Principal Issues Raised by President's Friends Are From Missouri and Texas—Contests So Far on Hand Come From Eighteen States and the District of Columbia.

Chicago, May 31.—When the Republican national committee meets in Chicago June 6 it will be called on to decide 204 contests. Four years ago there were 219 contests submitted.

Of the 204 contests filed with Secretary Hayward 177 were presented by followers of Colonel Roosevelt and 27 by friends of President Taft.

The principal contests filed by the Taft managers are from Missouri and Texas.

In Louisiana three sets of delegates were elected at large and in the First, Second, Fourth and Fifth districts two sets were named by the supporters of President Taft and one was selected by friends of Colonel Roosevelt. More delegates than the number specified in the call for the convention were chosen at large in Alabama, in the Fifth district of Kentucky, in the Fourth district of Minnesota, in the Seventh district of Texas and in the First, Tenth and Eleventh districts in Georgia.

Secretary Hayward has classed these as contests and the committee will be required to determine what will be done with the cases.

There are contests from eighteen states and the District of Columbia.

More Contests May Appear.

Chairman New of the subcommittee on arrangements said that no other contests than those subjoined had been received, but it was possible that a few others might be in the mail bearing an early enough postmark to make them legal.

Joseph B. Kealing, former United States district attorney at Indianapolis, arrived in Chicago from Texas, where he looked after President Taft's interests in the recent primaries and conventions and reported to Chairman New of the subcommittee on arrangements for the convention that Taft and Roosevelt each have six instructed delegates from that state while the remaining twenty-eight are contested.

Chairman New reiterated his previous declaration that no presidential candidate would be recognized in the distribution of convention tickets, but added that if Colonel Roosevelt came to Chicago and applied for a ticket in person he would provide him with a card of admission even if he had to give him his own seat.

Roosevelt's Chicago managers in a statement claim their candidate will have 581 votes, or more than enough to nominate, on the first ballot.

They give Taft 191, La Follette 36, Cummins 10 and class the other delegates as uninstructed.

PLAN BUTT-MILLET MEMORIAL

President, Diplomats and Other Officials Contribute to Fund.

Washington, May 31.—President Taft, members of the diplomatic corps in Washington and many government officials have contributed to a fund of several thousand dollars which is to be used to erect a memorial to two victims of the Titanic disaster, Major Archibald W. Butt, personal aide to two presidents, and Frank D. Millet, vice chairman of the national fine arts commission.

The work of raising the fund was undertaken quietly by C. D. Hilles, secretary to President Taft, and Colonel Spencer S. Colby, chief aide to the president. The memorial, in the form of a bronze tablet, probably will be erected in the "elliptic" back of the White House and almost within its shadow. Authorization by congress will be necessary, but there is no doubt among friends of the two men that it will be granted.

DIXON INSISTS ON TICKETS

Calls New Narrow and Appeals to Committee.

Washington, May 31.—Senator Dixon, manager of the national Roosevelt committee, aroused over the refusal of Harry S. New, chairman of the subcommittee of the national committee on arrangements for the Republican convention to allot him 250 tickets for the use of Colonel Roosevelt, his family and friends, determined to demand recognition from the national committee. After receiving word that his request for tickets would not be granted Senator Dixon sent a telegram to Chairman New at Chicago saying he will take the matter up with the national committee.

Canoes Cause Two Drownings.

St. Paul, May 31.—As a result of canoes overturning in the Minnesota river while their occupants were upon outings two young men, one a student of the St. Paul seminary and the other a Minneapolis high school boy, went down to their death. The dead are John Anthony Logar, twenty-four years old, of St. Paul, and Norman Grafton, sixteen years old, of Minneapolis.

## HILLES SLATED FOR CHAIRMAN

President's Secretary May Head National Committee.

GOES TO CHICAGO JUNE 5

In Event of Taft's Renomination It Is Understood Mr. Hilles Will Have Active Charge of Election Campaign Will Act as Personal Representative of Chief Executive at the Convention.

Washington, May 31.—The interests of President Taft at the meeting of the Republican national convention will be in the hands of C. D. Hilles, secretary to Mr. Taft.

This information was taken as an indication that Mr. Hilles will be the president's choice for chairman of the Republican national committee in case he is renominated. Mr. Hilles would not discuss the report. His friends said, however, that this practically was a certainty, in view of his political work for the president and because of his association in the last

C. D. HILLES.

year with members of the national committee.

Mr. Hilles will leave Washington for Chicago June 5, the day before the national committee takes up the question of seating contested delegations.

It is not the president's plan to have Mr. Hilles supersede former Senator Charles Dick of Ohio before the committee in the matter of contest. Neither will he interfere with an work that may be done in Chicago by Director McKinley of the Taft bureau.

He will, however, be the personal representative of the president on the ground.

ECHO OF BOUNTY FRAUDS

Grand Jury Indicts Three Black Hills Men.

Deadwood, S. D., May 31.—Indictments have been returned by the federal grand jury against County Auditor John Fall of Pennington county and his brother, Deputy David A. Fall, and F. R. K. Hewlett, a wealthy man of Rapid City. The first two are charged with using the mails to defraud and the latter with conspiracy to commit a crime against the United States.

In the same connection all three cases are outgrowths of the wolf bounty frauds in Pennington county, post-office inspectors claiming that the three men used the mails in the alleged collecting of the hides.

Ray Shea, former money order clerk in the postoffice in Lead, who pleaded guilty to embezzlement, was sentenced to five years in Leavenworth and to pay a fine of \$700.

YOUNG AVIATOR NEAR DEATH

Milwaukee Injured During First Attempt at Public Flight.

Milwaukee, May 31.—John Kaminski, a Milwaukee aviator, had a narrow escape from being killed when he lost control of his machine while coming down the race track at the state fair aviation meet, preparatory to making his first public flight. His machine crashed into a fence, throwing the young birdman with considerable force from the seat. Julia Clark, a licensed aviator, was the first to go to his assistance. Kaminski says he forgot to cut off the switch. His injuries are not fatal.

Mad Squirrel Attacks Girl.

Memphis, Tenn., May 31.—Residents of Overton Park are adding police in searching for a mad squirrel that attacked a sixteen-year-old high school girl. The young woman fought hard against her nimble little assailant and finally escaped to her home nearby where, weakened from loss of blood, she fainted on the doorstep.

J. J. FITZGERALD.  
Roosevelt Says Congressman Has Guinea Pig Power Brains.

© 1911, by American Press Association.

"GUINEA PIG POWER BRAINS"

Colonel Coins New Phrase Replying to Fitzgerald Accusation.

Pittsburg, May 31.—"Only men with brains of three guinea pig power," according to Colonel Roosevelt, can take serious heed of Congressman Fitzgerald's speech about the colonel. Mr. Fitzgerald read what purported to be a memorandum of President Roosevelt relating to alterations to the White House "to be permanent during my lifetime."

"Mr. Fitzgerald's accusation, or the implied accusation, is too preposterous to need any serious discussion," said Colonel Roosevelt here. "Just as machinery can be expressed in terms of horse power so some intellects can be expressed in terms of guinea pig power. That kind of accusation can only be heeded by men with brains of about three guinea pig power."

DEMOCRATS MAY STICK TO TWO-THIRDS RULE

Many Believe Republican Contest Proves Justification.

Washington, May 31.—When the Democratic national convention meets in Baltimore June 25 it will again face a proposition that the two-thirds rule be abolished. It is quite certain, however, that the proposition will find fewer supporters this year than ever before, owing to the striking object lesson afforded by the spectacular contest between President Taft and Colonel Roosevelt on the Republican side.

If the Republican convention had the two-thirds rule, say prominent Democrats, there would be no such spectacle as the country has been watching for more than a month past.

Neither Taft nor Roosevelt, these Democrats add, could hope to get two-thirds of the convention and a contest such as they are now waging would be certain to result in the nomination of a compromise candidate, to be picked out, in all probability, after the convention had assembled.

This would mean a campaign for the nomination very different in its essential features from the one now drawing to a close. A good many Democrats who heretofore have favored doing away with the two-thirds rule say its existence has been abundantly justified by the Republican situation and that if any effort is made this year to repeal it the effort will not attract great attention.

Constitutional Changes.

If the amendment to the constitution should pass which limits the president to one term of six years an attempt will be made to change the date of inauguration at the same time. There is some doubt about such an amendment passing for the reason that it is known to be aimed at one particular individual just now, although it could not be ratified in time to prevent the election of any man seeking another term, provided he got votes enough.

There is more possibility of passing the Crawford resolution limiting the terms of circuit and district federal judges to ten years. At present these are life appointments, and there is quite a deal of criticism about life tenure of any judge. In fact, there is quite a demand for the recall of judges.

Spanish War a Picnic?

Congressman Roddenberry has several times insisted that the Spanish war was little more than a picnic, especially for those who were in camps in this country and never moved to the front. "The boys were glad to go to Chickamauga with a brass band and enjoy a season of camp life," said the Georgia congressman. "They were in camp with good rations, good tents and enjoyed a picnic the like of which young men in this country will probably never see again. They were led around in the shadow of the mountains, in the green valleys, where they had fresh Tennessee chicken and Kentucky eggs and mountain trout in abundance, with honey from the hillside and sirup from the cane patch, where they fed and fattened in the most luxurious living any young American ever had."

Well Fed.

"Tramps always seem to get enough to eat." "Of course! Isn't life one big loaf to them?"—Boston Transcript.

CARD INDEX HOTEL REGISTER

Chicago Hotel to Relegate Book to Maintain Secrecy.

Chicago, May 31.—One of the large downtown hotels announced that its old fashioned book register would be relegated immediately. Instead of signing a register guests will sign cards which will not be displayed publicly.

"The curious persons who scan every register they can find are largely responsible for the change," explained the clerk. "Then, too, there are those who do not stop at gazing at the register, but upon finding a guest's room number will go to him to solicit funds or to subject him to other annoyances."

## THE HOT WEATHER HAD BAD EFFECT

Blamed For Ill Feeling Shown by Members of Congress.

INCIDENTS WERE UNUSUAL

Interruptions, Contradictions and Reflections Upon Motives Prevailed Panama Canal Bill Consideration an Instance—Bourne's Bill For Wireless Regulation Likely to Pass.

By ARTHUR W. DUNN.

Washington, May 31.—[Special.]—Hot weather brought forth the usual irritation of many months confinement in the capitol, and members frequently made tart responses to interruptions, indulged in flat footed contradictions, questioned the knowledge of each other and sometimes reflected upon the motives of each other. Members have reached a stage where they do not care to continue working six hours a day in the house and have much of their time taken up in trivial matters. More particularly was the ill feeling displayed during the consideration of the Panama canal bill.

Men who were in favor of free tolls for the coastwise trade of the United States were charged with being in favor of subsidies. Others who did not want to exclude ships because they were owned by railroads were accused of being favorable to railroads. In language which strained parliamentary usage to some extent these insinuations were made back and forth with directness that could not be misunderstood.

A Few Samples.

Congressman Michael Driscoll of New York was opposing free tolls and took knowledge of California and Humphrey of Washington to task over the advocacy they gave free tolls. "There are different degrees of greed and selfishness," said Driscoll, "but knowledge is not quite so nifty as Humphrey."

"It is one of the amusing features of this debate," remarked Stevens of Minnesota, "to notice the agony of Mr. Broussard of Louisiana in opposition to the terrible railroads. It is the first spasm that the members of the committee have noticed so far during his service on the interstate and foreign commerce committee."

East and West Clash.

Congressman Flood of Virginia had in charge a bill granting a street railroad franchise in Hawaii, and Congressman Raker of California asked what was the character of the capital going into the enterprise.

"It is money," responded Flood, and there was a laugh at Raker's expense. "Is that as definite and intelligent an answer as the gentleman intends giving to the question?" asked Raker.

"It is as intelligent as the question," replied Flood.

"Under the circumstances I object to the consideration of the bill," was Raker's retort.

"That is in keeping with the gentleman's conduct to defeat a great public enterprise because he is angry with me," said Flood.

And then Raker withdrew his objection and the bill was passed.

Bourne's Wireless Bill.

It begins to look as if Senator Bourne's radio communication bill, really wireless regulation, was going to pass this congress. The bill passed the senate with only one opposing voice and has been reported without amendment from the house committee on merchant marine and fisheries. The committee says the Bourne bill suits it and recommends its passage without change. This bill will go a long way toward regulating wireless communication.

Constitutional Changes.

If the amendment to the constitution should pass which limits the president to one term of six years an attempt will be made to change the date of inauguration at the same time. There is some doubt about such an amendment passing for the reason that it is known to be aimed at one particular individual just now, although it could not be ratified in time to prevent the election of any man seeking another term, provided he got votes enough.

There is more possibility of passing the Crawford resolution limiting the terms of circuit and district federal judges to ten years. At present these are life appointments, and there is quite a deal of criticism about life tenure of any judge. In fact, there is quite a demand for the recall of judges.

Spanish War a Picnic?

Congressman Roddenberry has several times insisted that the Spanish war was little more than a picnic, especially for those who were in camps in this country and never moved to the front. "The boys were glad to go to Chickamauga with a brass band and enjoy a season of camp life," said the Georgia congressman. "They were in camp with good rations, good tents and enjoyed a picnic the like of which young men in this country will probably never see again. They were led around in the shadow of the mountains, in the green valleys, where they had fresh Tennessee chicken and Kentucky eggs and mountain trout in abundance, with honey from the hillside and sirup from the cane patch, where they fed and fattened in the most luxurious living any young American ever had."

CLAUDE GRAHAME-WHITE.  
English Aviator Pays High Tribute to Wilbur Wright.

Photo by American Press Association.

PAYS TRIBUTE TO WRIGHT

Grahame-White Refers to Him as "Edison of the Air."

London, May 31.—Claude Grahame-White, the English aviator, announces his intention to organize the greatest flying meeting yet held at Hendon. He will invite 200 airmen to take part in the competitions for the purpose of raising a fund to erect a memorial to Wilbur Wright. He says Wilbur Wright might almost be described as "The Edison of the air."

## AEROPLANE CRASHES INTO GRANDSTAND

One Man Killed and a Number of Persons Injured.

Seattle, Wash., May 31.—J. Clifford Turpin, the aviator, dashed into the front of the grandstand at The Meadows in his first effort at flight, fatally injuring a man and child and less seriously injuring fifteen other persons, six of them women.

The man and the child who were fatally hurt were taken to the County hospital, where the man died. He was George Quinby, twenty-five years old, of Galesburg, Ill. His entire face was torn off by the propeller. The child's name is Raymond Chapman. He is ten years old.

Both Turpin and Phil Parmalee, his partner, declare the accident was caused by a spectator, who ran across the track in front of Turpin as he was headed north preparatory to rising.

The aeroplane was traveling at fifty miles an hour and Turpin tilted the right wing in order to miss the man. He was unable to right the machine in time and it swerved toward the grandstand.

UNABLE TO REGAIN BOAT

St. Paul Young Man Drowns in Chicago Lake.

Chicago City, Minn., May 31.—Dan Ahern, twenty-five years old, son of John J. Ahern of St. Paul, was drowned in Chicago lake. John Ahern, Jr., formerly a newspaper man in St. Paul, narrowly escaped the same fate as his brother.

The young men intended going fishing so went out on the lake for minnows. Mrs. Ahern, their mother, could see them sailing from the shore. When they had finished one suggested that they go in swimming. Both dived from the rowboat. A stiff wind was blowing and soon the craft was fast being carried away. Both young men soon noticed this and did their utmost to overtake it. The boat drifted faster than they could swim and Dan became exhausted and sank.

WORLD'S OLDEST MASON DEAD

John Dempsey, Aged Ninety-seven, Passes Away in Canada.

Neepawa, Man., May 31.—John Dempsey, ninety-seven years old, and admittedly the oldest Mason in the world, died at his home here.

He was born in County Antrim, Ireland, and came to Canada in 1844, first living at Middlesex, Ont. He became a Mason at the age of twenty-one years and was well known in Masonic circles throughout Canada and the Western states.

Veteran Tears Down Red Flag.

Muscatine, Ia., May 31.—A red flag floating above the Stars and Stripes from the Socialist headquarters caused a stir. Henry Bowman, a crippled veteran, climbed a stairway and pulled down the red flag. His act was cheered by the crowd that gathered.

Sought Death With Bomb.

Calumet, Mich., May 31.—Otto Tourmalina, aged twenty-two, killed himself on his mother's farm near here by exploding a dynamite bomb beneath his body while lying down in a field. His left side was torn open and his shoulder shattered. Death was instantaneous. Ill health inspired the act.

## SENATE PASSES PENSION BILL

WAITERS' STRIKE SPREADING

Nine Hundred More Join in New York City Contest.

New York, May 31.—Father Knickerbocker had his dinner interrupted again when the union waiters, cooks and kitchen help in six leading hotels and two of the largest Broadway restaurants joined the strike. Thousands of diners had given their orders and some had been served with the first courses when the hotel employees deserted. In some of the hotels strike-breakers were placed in the dining rooms and service continued with slight interruption.

At the headquarters of the International Hotel Workers' union it was announced that 900 men joined the strike, making the total number now out about 2,000.

DOES NOT NEED DELEGATES

But Taft Insists His Friends Run Ohio Convention.

Washington, May 31.—President Taft sent a telegram to Arthur L. Vorys, Republican national committeeman for Ohio, declaring that while he does not need that state's six delegates at large to procure the presidential nomination he will not consider a compromise in the Ohio state convention. The telegram says:

"I hope my friends will not consider for a moment the suggestion of a compromise in the state convention. The

ARTHUR I. VORYS.

votes involved are not necessary to my nomination. I can stand their loss and am content to be beaten in Ohio, but I cannot yield any votes by agreement. The principles that we represent are too important to the country to lose anything by our voluntary concession. I hope, therefore, that you and my friends will press the contest to the end in the state convention."

VICTIM OF TYPHOID FEVER

Wilbur Wright, Noted Aviator, Dies at Dayton, O.

Dayton, O., May 31.—Wilbur Wright, noted aviator, died of typhoid fever. Death came after an illness of about three weeks. Wright had been near death for many days and, although his condition from time to time gave some hopes to members of his family, the attending physicians maintained throughout the latter part of his sickness that he could not recover.

When the patient succumbed there were at his bedside the members of his family, which includes his aged father, Bishop Milton Wright, Miss Catherine Wright, Orville, the co-inventor of the aeroplane; Reuchlin Wright and Lorin Wright.

One Life Lost in Fire.

Moose Lake, Minn., May 31.—Arthur Bloomquist was burned to death and eight other persons were injured in a fire which occurred here and destroyed property valued at \$25,000. The fire started in a restaurant.

High Standards.

Hobb—Is your wife critical? Nobb—Frightful! She is almost as bad as my fifteen-year-old daughter.—Life.

Adds Almost \$13,000,00 to the Sum Fixed by House.

RETAINS EIGHTEEN AGENCIES

Upper House Rejects Plan to Consolidate Pension Stations and Provides for Payment to Veterans by Checks Instead of Vouchers—Steel and Iron Tariff Revision Bill Also Given Favorable Action.

Washington, May 31.—The senate passed the annual pension appropriation bill after fifteen minutes consideration. The measure carried \$185,162,500, an increase of almost \$13,000,000 over the amount appropriated by the house. The increase includes \$12,500,000 for expenses caused by the heavy volume of work growing out of the recent enactment of the so called dollar a day pension law.

The bill retained the present eighteen pension agencies distributed throughout the country, for whose consolidation into one agency the house had provided. It also provided for the payment of pensions by checks to the veterans instead of by vouchers. The bill goes to conference between the two houses.

BILL GOES TO CONFERENCE

Senate Passes Steel and Iron Tariff Revision Measure.

Washington, May 31.—The house steel and iron tariff revision bill passed the senate, 35 to 22, repealing the Canadian reciprocity law, putting a universal duty of \$2 a ton on print paper and cutting the duty on pig iron and ferro-silicon. The bill now goes to conference with the house.

The metal bill went through by default, many of the regular Republicans disappearing in order to allow the Democratic bill instead of the Cummins substitute to go through and permit the president to veto a straight Democratic measure. Only one Republican, Senator Gronna of North Dakota, voted for the bill, while the entire negative vote was cast by Republicans.

The bill is the first of a series of house tariff bills to be voted upon by the senate.

LORIMER CASE NEXT MONDAY

Senate Will Take Up Illinois Election Incident.

Washington, May 31.—The Lorimer election case will be brought up in the senate next Monday, immediately after the routine morning business. Senator Kern of Indiana, for the minority, who holds that corrupt practices were used in bringing about Mr. Lorimer's election, made that announcement to the senate.

Senator Kern stated he proposed to call up the Lorimer case then and to keep it before the senate as "unfinished business" until it was disposed of. He said he had communicated with Senator Lorimer asking him when he would be here and had received no response. The minority, he said, therefore had decided not to delay the matter longer.

DENIES HE MIGHT RESIGN

Solicitor McCabe Intends Serving Out His Term.

Washington, May 31.—George B. McCabe, solicitor for the department of agriculture, who has been one of the principals in practically all of the troubles that have marked the administration of Secretary James Wilson, denied a report that he intends to resign.

Friends of Mr. McCabe say it is his purpose to serve in the department until the end of the present administration, when he will return to the practice of law. Mr. McCabe will not retire before then, it was stated, unless asked to do so by either the president or the secretary of agriculture.

Todd county democrats are for Bryan and so instructed their delegation to the Duluth convention, and they will work for the election of Joseph Wolf, of Staples, as a delegate to the Baltimore convention.

There seems to be an epidemic of men leaving their families at St. Cloud and warrants are to be issued for at least three men who have within the past six years left their wives and children dependent charges of the city or to hustle for themselves.

Gov. Eberhart has finally broken his silence and tells the people practically that he had stood it long enough and that from now on he will add to the political history now being written. Sam Y. Gordon will probably furnish another chapter and Wm. E. Lee has a book of it all his own. Great year, this.

The highest price in beef for thirty years has been reached in New York and none but the millionaires can afford the choice cuts on their tables. That meat should be a luxury when it is in reality a necessity is one of the things the man in moderate circumstances has to face. The high cost of living is not always the cost of high living, although in many cases the latter is in evidence.

The newspapers at Thief River Falls have consolidated, following the plan adopted by sensible men in cities and towns where there is an over production in that line. The newspaper business is the only business in which men will engage when they absolutely know the town can not support the ones already in existence, it is fascinating to those who like it and a mighty easy manner in which to separate yourself from your money.

A dairy country is always prosperous and the reason that those who have the interest of the state and its people at heart are earnestly advocating the dairy cow is because the coun-

try grows richer with her advent while in the country exclusively devoted to growing grain the drain on the land tends to lessen the productive qualities. The Bemidji Pioneer offers some data as to the reason for this and says that with every ton of corn sold from the farm bringing from \$18 to \$20 goes \$5.50 worth of fertility; a ton of wheat worth \$35 removes \$7.50 worth of fertility; a ton of beef worth at the highest prices from \$150 to \$200 takes with it about \$17 worth of richness, while a ton of butter worth today on the market of the world \$600, takes with it only 49 cents worth of fertilizing ingredients, and by providing those nitrogenous foods which are necessary for greatest butter production—alfalfa, cow peas, soy beans fed in connection with ensilage—returns to the land with many times this amount.

### UNINSTRUCTED DELEGATION

Democratic County Convention in Session at Citizens State Bank Hall  
Wednesday

MR. CON O'BRIEN PRESIDED

Seven Delegates Were Elected to the State Convention at Duluth  
Convening June 6

The democrats of Crow Wing county held their county convention at the Citizens State bank hall on Wednesday afternoon. Con O'Brien presided and Senator C. D. Johnson officiated as secretary.

There was a large attendance present and the meeting was most harmonious. Addresses were delivered by Senator Johnson and by Attorney D. A. Haggard.

The seven delegates elected to the state convention at Duluth, meeting June 6, go uninstructed and include Con O'Brien, Mayor H. P. Dunn, Swan Johnson, R. Buchman, M. T. Dunn and Jerry Glunt, of Brainerd and J. J. Tucker, of Fort Ripley.

One political observer said the sentiment in the delegation was divided between Clark and Wilson and another prognosticator said the members could be considered practically a Wilson delegation.

M. E. Ryan was recommended as a member of the state central committee.

The convention went on record as desiring that all honorable means be used to secure the election of Con O'Brien as a delegate to the national convention from the sixth district.

Todd county democrats are for Bryan and so instructed their delegation to the Duluth convention, and they will work for the election of Joseph Wolf, of Staples, as a delegate to the Baltimore convention.

There seems to be an epidemic of men leaving their families at St. Cloud and warrants are to be issued for at least three men who have within the past six years left their wives and children dependent charges of the city or to huddle for themselves.

Gov. Eberhart has finally broken his silence and tells the people practically that he had stood it long enough and that from now on he will add to the political history now being written. Sam Y. Gordon will probably furnish another chapter and Wm. E. Lee has a book of it all his own. Great year, this.

The highest price in beef for thirty years has been reached in New York and none but the millionaires can afford the choice cuts on their tables. That meat should be a luxury when it is in reality a necessity is one of the things the man in moderate circumstances has to face. The high cost of living is not always the cost of high living, although in many cases the latter is in evidence.

The newspapers at Thief River Falls have consolidated, following the plan adopted by sensible men in cities and towns where there is an over production in that line. The newspaper business is the only business in which men will engage when they absolutely know the town can not support the ones already in existence, it is fascinating to those who like it and a mighty easy manner in which to separate yourself from your money.

A dairy country is always prosperous and the reason that those who have the interest of the state and its people at heart are earnestly advocating the dairy cow is because the coun-

try grows richer with her advent while in the country exclusively devoted to growing grain the drain on the land tends to lessen the productive qualities. The Bemidji Pioneer offers some data as to the reason for this and says that with every ton of corn sold from the farm bringing from \$18 to \$20 goes \$5.50 worth of fertility; a ton of wheat worth \$35 removes \$7.50 worth of fertility; a ton of beef worth at the highest prices from \$150 to \$200 takes with it about \$17 worth of richness, while a ton of butter worth today on the market of the world \$600, takes with it only 49 cents worth of fertilizing ingredients, and by providing those nitrogenous foods which are necessary for greatest butter production—alfalfa, cow peas, soy beans fed in connection with ensilage—returns to the land with many times this amount.

### The Brainerd Game

The Crosby team which faced Brainerd on Decoration Day was a different team from the one which opened the season in Brainerd May 5. Strengthened in all positions, Crosby put up a game which was well worth seeing and the large crowd displayed no partisan spirit but cheered every good play the range town made. Crosby started things with a rush and scored a run in the first inning and then held Brainerd scoreless three innings. Lyle, of Crosby, pitched superb ball, striking out 9 men. In the fourth inning Callan and Templeton brought in the first scores and the ice was further broken in the sixth when a succession of errors brought in a flood of three runs for Brainerd. The Brainerd City band came on the field about the same time and played a funeral march for Crosby. In the ninth inning Hudson rapped out a high one into the right field and the ball was lost for a time in the grass. The Crosby man tore around bases like a wild switch engine and was credited with a home run, which brought the final score 5 to 2 in favor of Brainerd.

The features of the game for the locals was the splendid work of Templeton with 5 putouts to his credit. He was everywhere, catching flies, backing up the pitcher and the shortstop. Cook did valiant service in the pitching line, excelling Lyle in a strike out record, fanning 11 Crosby batters. It is always a pleasure to watch Cook. He throws well and you never hear him make a kick. Hagan, in the sixth inning, caught a hit slammed point blank at him with the point of his glove, and on a dead run tossed it to the shortstop, Erickson, covering second base, making a double play which lifted the crowd off its feet. Callan, in the ninth, caught Lovdahl's high fly, running full speed to make it and received an ovation.

Crosby made some brilliant plays. In the first inning Hudson struck the first ball over the plate and made second on it. The catcher Kriz, caught a foul, colliding with the grand stand in order to get it. Except for the

.....Miss Maud Hooper  
Address, "The Perils of Knowledge"  
.....Bishop E. H. Hughes  
Song, "Out of the Deep".....  
.....By the Mixed Glee Club  
Granting of diplomas by the president of the board of education.  
Benediction.....Rev. G. P. Sheridan

### IN THE DISTRICT COURT

Two Cases Disposed of to Date—Grand Jury Makes Report That is Not Made Public

In the district court a verdict for the defendant was given in the case of Fisk vs Bowman. In the following case entitled Fisk, receiver vs August Pohl the plaintiff rested and the motion of the defendant to dismiss was granted.

Today the case of Parkers' Safety Balance & Lock Co. vs Charles L. Lasher is on trial. The grand jury has brought in a report on several indictments, which will be made public as soon as the necessary service is secured.

### Lowey-Reilly

Frank J. Lowey and Miss Helen E. Reilly, daughter of the late T. M. Reilly, were married at the parsonage of St. Francis Catholic church at 10:30 on Thursday morning. Rev. Father J. J. O'Mahoney performing the service in the presence of relatives. Both are graduates of the local high school and socially prominent. The bride was dressed in a going away gown of blue. She was attended by her sister, Mrs. H. P. Dunn. The happy couple will enjoy a month's honeymoon visiting Washington, D. C., New York, Pittsburgh and other cities in the east, returning by way of Canada and there visiting Montreal.

Their many friends wish them much happiness and prosperity in their married life, a wish in which the Dispatch heartily joins them.

Everybody's Doing It.  
Quister—Money is the root of all evil.  
Twister—Well, everybody is digging for the "root."—Judge.

## DECORATION DAY SERVICES HELD

Brainerd Observed the Day in Befitting Style Yesterday Morning and Afternoon

DAVIS AND SAVAGE SPOKE

Procession to Cemetery in Morning—Services at Opera House in the Afternoon

Brainerd certainly kept Decoration Day in befitting style both morning and afternoon of yesterday, and the whole services will go down in its history as one of the best ever held.

The beautiful weather prevailing in the early morning brought hundreds down town to march in procession to the cemetery, and the procession was one of the largest ever formed on Decoration Day. Headed by the Northeast Brainerd band, all of its members being splendidly uniformed and playing some martial airs in fine style, the members of the G. A. R. and the ladies of the W. R. C. followed by the Sons of Veterans and the Spanish war volunteers, together with several hundreds of scholars carrying wreaths, all of whom were from the Brainerd schools and accompanied by their teachers, made a most imposing and beautiful sight.

At Evergreen cemetery the usual decorating services by the G. A. R. the W. R. C. and the school children softened every heart present. The citizens of Brainerd whose beloved dead rest there had certainly planned on making the morning an occasion of not only joining with the G. A. R. but of decorating their private graves as well, for the cemetery was thronged with people and but few graves were left undecorated, and the grounds never looked more restful and well kept than they looked yesterday morning. After the "firing squad" had fired their salute, the procession proceeded down town again, headed by the band, to the G. A. R. hall where the corps and friends enjoyed their dinner.

The afternoon services at the opera house attracted an audience that filled the place and a most representative crowd it was. The program rendered was of a most memorial and patriotic nature. The Brainerd City band, under the conductorship of Dr. Frank J. Sykora, with 28 players occupied the platform and discoursed most exquisite and appropriate music. The citizens of Brainerd may well be proud of its city band. Yesterday afternoon they played with a feeling, rhythm and precision that thrilled the audience and attracted much favorable comment. It was one of the most helpful and enjoyable features of the afternoon program.

R. R. Wise acted as chairman and in a few well chosen remarks spoke of the sacred memories which are associated with Decoration day, highly praising the members of the G. A. R. for their recorded deeds of valor. The Rev. W. J. Lowrie offered prayer, and Harry Fullerton gave from memory, "Lincoln's Gettysburg Address," in a most pleasing manner. The Brainerd school chorus sang two patriotic pieces which pleased the audiences, and the same chorus sang also during the memorial exercises at the cemetery in the morning under the direction of Miss Hopper. Prof. Wm. Graham gave a cornet solo, "The Sea Flower Polka," with band accompaniment, with an effect that was magical and inspiring. Gussie J. Small rendered a tenor solo, "Yes, Let Me Like a Soldier Fall," in fine voice. Mr. Small is a splendid singer and his choice of a solo yesterday afternoon certainly caught the spirit of the old soldiers and pleased the audience. Closing the musical part of the program, Master Reed Brown, Brainerd's boy soprano, held the large audience as he sang very dramatically, "The Star Spangled Banner," his clear voice reaching every part of the opera house.

The speakers of the occasion were the Rev. Charles Fox Davis of this city, and Comrade (Rev.) M. T. Savage, of St. Paul. Rev. Davis speaking of the things which the Civil war with its fires had burned away between the north and the south, and how the lapse of half a century was showing to both north and south alike many of its once hidden mysteries.

Rev. Savage spoke of his personal reminiscences with Lincoln, of the great Lincoln-Douglas debates which he heard, and some of his own personal experiences in the army. Both speakers were given a fine hearing.

Special to Dispatch:

St. Paul, May 31—The law passed by the last legislature against coloring oleomargarine was declared unconstitutional where the coloring matter is not injurious to health is the opinion handed down by the state supreme court. The case originated at Mankato.

## AGRICULTURAL SPECIAL IN CITY

Lectures Delivered on Train From 8 to 11 on Friday Morning and are Well Attended

D. E. WILLARD SPEAKS OF TOUR

Up to Date Over 3,600 People Have Visited the Train at the 15 Stops Made

The agricultural special train operated by the Northern Pacific railway in conjunction with the state agricultural college arrived at Brainerd on Thursday evening.

"The trip of the agricultural special," said Daniel E. Willard, development agent of the Northern Pacific railway, "has aroused the greatest interest and enthusiasm among the farmers. Many women and children have also attended the lectures and viewed the display of farm machinery and live stock. At the 14 stops the train made before reaching Brainerd a total of 3,600 people heard the lectures and visited the exhibits. Thirty-five per cent of the farmers have asked that the agricultural propaganda be continued and that personal visits be made to their farms. The lists we circulated among the farmers bear their names, their homes, the sections where their farms are situated and the subject in agriculture in which they are most interested. This trip has done more than any other agency to get the farmers and the railroad acquainted and to encourage the farmers in growing better and bigger crops and engaging in diversified farming."

C. H. Welch, in charge of the farm machinery and a lecturer on strawberries and small fruit, tabulated the attendance at the different points the special stopped before reaching Brainerd. The attendance was as follows: At Wrenshall 150, Wright 160, Tamarack 270, McGregor 300, Aitkin 490, Deerwood 190, Pillager 240, Motley 275, Staples 250, Phillbrook 240, Lincoln 60, Randall 350, Little Falls 340, Fort Ripley 300. At Brainerd both coaches were filled by the farmers and their wives and children, many business men also attending the lectures.

At McGregor Rev. LaVoy, the Methodist minister in charge of 12 churches, had farmers present from all his widely separated congregations.

Prof. Thomas Shaw lectured on alfalfa and clover, laying particular stress on the fact that alfalfa was adapted to this section. He also spoke at different points on live stock.

W. H. Tomhave lectured on horses, the train carrying Percheron and Clydesdale horses, also cattle and sheep. The cattle include Short-horn, Holstein and Guernsey.

F. H. Scribner covered dairy improvement and the elimination of poor cows. R. M. Washburn spoke on the feeding of cows. C. E. Brown, the Elk River potato king, paid particular attention to the raising of potatoes and the growing of uniform varieties for shipment. Mr. Brown is well acquainted in Brainerd where last January he delivered an address at the commercial club rooms to the farmers of this county on potato culture and the raising of uniform varieties.

N. E. Chapman and C. E. Brown, of Crookston, lectured on poultry. At Brainerd the staff was joined by O. M. Olson, of St. Paul, who will speak on soil fertility and farm management. A. B. Hostetter, of the Duluth Commercial club, spoke on clover and potatoes, marketing and cooperation.

At Brainerd the office car of W. H. Gemmell, the general manager of the Minnesota & International railway, was attached to the special and he accompanied them on their trip up that railway. The special pulled out of Brainerd promptly at eleven o'clock this morning.

A description of the train, the first agricultural special ever run on the Northern Pacific and the Minnesota & International railways in conjunction with the state agricultural college, is of interest. In addition to the passenger coaches where the lectures were held, were the baggage car, the parlor and sleeping car of the speakers and diner. The poultry car housed the White Plymouth Rock, Silver Laced Wyandottes, Rhode Island Reds, Barred Plymouth Rocks, Buff Orpingtons, White Leghorns, chicks and chickens, also brooders, egg cases, etc. On shelves were displayed McKinley potatoes from the Jean Duluth farm, Burbanks from Tamarack, Carmen No. 3, some from the county farm at Duluth; Early Ohio from the Villa Scholastica, Duluth; navy beans of Fort Ripley; beans from M. B. Clouse and Burbanks from J. J. Tucker, of Fort Ripley; also corn from Leon J. Clouse;

Have you visited our new department and seen our bags, suit cases, trunks etc?

We have a beautiful line and just what you will want when going away.

"MICHAEL'S"

photos of various breeds of chickens and a model poultry farm.

The machinery car contained a cultivator disk, potato planter, cream separator, harrow and cultivator, garden drill and wheel hoe, garden drill, potato digger, barrel sprayer, home made plaster lined silo, and a transplanter.

The live stock car contained a seven year old Percheron mare weighing 1800 pounds; a Clydesdale two year old mare weighing 1400; Shropshire sheep; a Merino; Poland China, Duroc Jersey, two Yorkshire and one Berkshire sows; Holstein, Shorthorn and Guernsey cows.

Some of the placards on the walls were interesting. For instance: "Hogs are mortgage lifters, if you have the right kind." "Sheep means two crops per year, wool and mutton. Sheep will convert your clover into mutton and wool." "It costs no more to feed a good colt than a scrub. Have the mares on the farm pay for their keep by raising a colt each year. There is always a ready market for good stock."

Prof. Thomas Shaw's lecture on clover and alfalfa was especially well attended. He illustrated his remarks with samples of alfalfa which had been raised on the farm of R. R. Wise situated on Long lake north. "This alfalfa," said Prof. Shaw, "is especially rich in bacteria and shows that Crow Wing county soil is adapted to the raising of this crop. Every man in Minnesota should be an alfalfa man."

He asked how many in the car, raised clover and about half of those present raised their hands. He explained how clover enriched the land, how the decaying vegetable matter held the moisture in suspension. This vegetable matter guards against a drought. From the testimony of different audiences it appeared that clover seed averaged three bushels to the acre and the average selling price was \$8 a bushel, which certainly made a good crop for land worth, say \$25 an acre. While the farmer is working or sleeping, his clover is working for him and putting nitrogen in the soil. He described the inoculation of lands for the growing of alfalfa and appealed to his listeners to grow this staple crop. Land worth \$100 an acre could not be devoted to a better purpose than the raising of this crop.

One of the pleasant incidents of the tour of the special was the composite letter to which material was given by every member of the lecturing party. It was carefully type written and each man sent a copy to his better half.

The Brainerd Game

The Crosby team which faced Brainerd on Decoration Day was a different team from the one which opened the season in Brainerd May 5. Strengthened in all positions, Crosby put up a game which was well worth seeing and the large crowd displayed no partisan spirit but cheered every good play the range town made.

Crosby started things with a rush and scored a run in the first inning and then held Brainerd scoreless three innings. Lyle, of Crosby, pitched superb ball, striking out 9 men. In the fourth inning Callan and Templeton brought in the first scores and the ice was further broken in the sixth when a succession of errors brought in a flood of three runs for Brainerd. The Brainerd City band came on the field about the same time and played a funeral march for Crosby. In the ninth inning Hudson rapped out a high one into the right field and the ball was lost for a time in the grass. The Crosby man tore around bases like a wild switch engine and was credited with a home run, which brought the final score 5 to 2 in favor of Brainerd.

The features of the game for the locals was the splendid work of Templeton with 5 putouts to his credit. He was everywhere, catching flies, backing up the pitcher and the shortstop. Cook did valiant service in the pitching line, excelling Lyle in a strike out record, fanning 11 Crosby batters. It is always a pleasure to watch Cook. He throws well and you never hear him make a kick. Hagan, in the sixth inning, caught a hit slammed point blank at him with the point of his glove, and on a dead run tossed it to the shortstop, Erickson, covering second base, making a double play which lifted the crowd off its feet. Callan, in the ninth, caught Lovdahl's high fly, running full speed to make it and received an ovation. Crosby made some brilliant plays. In the first inning Hudson struck the first ball over the plate and made second on it. The catcher Kriz, caught a foul, colliding with the grand stand in order to get it. Except for the

Twister—Well, everybody is digging for the "root."—Judge.

## DECORATION DAY SERVICES HELD

Brainerd Observed the Day in Befitting Style Yesterday Morning and Afternoon

DAVIS AND SAVAGE SPOKE

Procession to Cemetery in Morning—Services at Opera House in the Afternoon

Brainerd certainly kept Decoration Day in befitting style both morning and afternoon of yesterday, and the whole services will go down in its history as one of the best ever held. The beautiful weather prevailing in the early morning brought hundreds down town to march in procession to the cemetery, and the procession was one of the largest ever formed on Decoration Day. Headed by the Northeast Brainerd band, all of its members being splendidly uniformed and playing some martial airs in fine style, the members of the G. A. R. and the ladies of the W. R. C. followed by the Sons of Veterans and the Spanish war volunteers, together with several hundreds of scholars carrying wreaths, all of whom were from the Brainerd schools and accompanied by their teachers, made a most imposing and beautiful sight.

At Evergreen cemetery the usual decorating services by the G. A. R. the W. R. C. and the school children softened every heart present. The citizens of Brainerd whose beloved dead rest there had certainly planned on making the morning an occasion of not only joining with the G. A. R. but of decorating their private graves as well, for the cemetery was thronged with people and but few graves were left undecorated, and the grounds never looked more restful and well kept than they looked yesterday morning. After the "firing squad" had fired their salute, the procession proceeded down town again, headed by the band, to the G. A. R. hall where the corps and friends enjoyed their dinner.

The afternoon services at the opera house attracted an audience that filled the place and a most representative crowd it was. The program rendered was of a most memorial and patriotic nature. The Brainerd City band, under the conductorship of Dr. Frank J. Sykora, with 28 players occupied the platform and discoursed most exquisite and appropriate music. The citizens of Brainerd may well be proud of its city band. Yesterday afternoon they played with a feeling, rhythm and precision that thrilled the audience and attracted much favorable comment. It was one of the most helpful and enjoyable features of the afternoon program.

R. R. Wise acted as chairman and in a few well chosen remarks spoke of the sacred memories which are associated with Decoration day, highly praising the members of the G. A. R. for their recorded deeds of valor. The Rev. W. J. Lowrie offered prayer, and Harry Fullerton gave from memory, "Lincoln's Gettysburg Address," in a most pleasing manner. The Brainerd school chorus sang two patriotic pieces which pleased the audiences, and the same chorus sang also during the memorial exercises at the cemetery in the morning under the direction of Miss Hopper. Prof. Wm. Graham gave a cornet solo, "The Sea Flower Polka," with band accompaniment, with an effect that was magical and inspiring. Gussie J. Small rendered a tenor solo, "Yes, Let Me Like a Soldier Fall," in fine voice. Mr. Small is a splendid singer and his choice of a solo yesterday afternoon certainly caught the spirit of the old soldiers and pleased the audience. Closing the musical part of the program, Master Reed Brown, Brainerd's boy soprano, held the large audience as he sang very dramatically, "The Star Spangled Banner," his clear voice reaching every part of the opera house.  
The speakers of the occasion were the Rev. Charles Fox Davis of this city, and Comrade (Rev.) M. T. Savage, of St. Paul, who will speak of the things which the Civil war with its fires had burned away between the north and the south, and how the lapse of half a century was showing to both north and south alike many of its once hidden mysteries.

Rev. Savage spoke of his personal reminiscences with Lincoln, of the great Lincoln-Douglas debates which he heard, and some of his own personal experiences in the army. Both speakers were given a fine hearing.

## AGRICULTURAL SPECIAL IN CITY

Lectures Delivered on Train From 8 to 11 on Friday Morning and are Well Attended

D. E. WILLARD SPEAKS OF TOUR

Up to Date Over 3,600 People Have Visited the Train at the 15 Stops Made

The agricultural special train operated by the Northern Pacific railway in conjunction with the state agricultural college arrived at Brainerd on Thursday evening.

"The trip of the agricultural special," said Daniel E. Willard, development agent of the Northern Pacific railway, "has aroused the greatest interest and enthusiasm among the farmers. Many women and children have also attended the lectures and viewed the display of farm machinery and live stock. At the 14 stops the train made before reaching Brainerd a total of 3,600 people heard the lectures and visited the exhibits. Thirty-five per cent of the farmers have asked that the agricultural propaganda be continued and that personal visits be made to their farms. The lists we circulated among the farmers bear their names, their homes, the sections where their farms are situated and the subject in agriculture in which they are most interested. This trip has done more than any other agency to get the farmers and the railroad acquainted and to encourage the farmers in growing better and bigger crops and engaging in diversified farming."

C. H. Welch, in charge of the farm machinery and a lecturer on strawberries and small fruit, tabulated the attendance at the different points the special stopped before reaching Brainerd. The attendance was as follows: At Wrenshall 150, Wright 160, Tamarack 270, McGregor 300, Aitkin 490, Deerwood 190, Pillager 240, Motley 275, Staples 250, Philbrook 240, Lincoln 60, Randall 350, Little Falls 340, Fort Ripley 300. At Brainerd both coaches were filled by the farmers and their wives and children, many business men also attending the lectures.

At McGregor Rev. LaVoy, the Methodist minister in charge of 12 churches, had farmers present from all his widely separated congregations.

Prof. Thomas Shaw lectured on alfalfa and clover, laying particular stress on the fact that alfalfa was adapted to this section. He also spoke at different points on live stock.  
W. H. Tomhave lectured on horses, the train carrying Percheron and Clydesdale horses, also cattle and sheep. The cattle include Shorthorns, Holstein and Guernsey.

F. H. Scribner covered dairy improvement and the elimination of poor cows. R. M. Washburn spoke on the feeding of cows. C. E. Brown, the Elk River potato king, paid particular attention to the raising of potatoes and the growing of uniform varieties for shipment. Mr. Brown is well acquainted in Brainerd where last January he delivered an address at the commercial club rooms to the farmers of this county on potato culture and the raising of uniform varieties.

N. E. Chapman and C. E. Brown, of Crookston, lectured on poultry. At Brainerd the staff was joined by O. M. Olson, of St. Paul, who will speak on soil fertility and farm management. A. B. Hostetter, of the Duluth Commercial club, spoke on clover and potatoes, marketing and cooperation.

At Brainerd the office car of W. H. Gemmell, the general manager of the Minnesota & International railway, was attached to the special and he accompanied them on their trip up that railway. The special pulled out of Brainerd promptly at eleven o'clock this morning.

A description of the train, the first agricultural special ever run on the Northern Pacific and the Minnesota & International railways in conjunction with the state agricultural college, is of interest. In addition to the passenger coaches where the lectures were held, were the baggage car, the parlor and sleeping car of the speakers and diner. The poultry car housed the White Plymouth Rock, Silver Laced Wyandottes, Rhode Island Reds, Barred Plymouth Rocks, Buff Orpingtons, White Leghorns, chicks and chickens, also brooders, egg cases, etc. On shelves were displayed McKinley potatoes from the Jean Duluth farm, Burbanks from Tamarack, Carmen No. 3, some from the county farm at Duluth; Early Oblios from the Villa Scholastica, Duluth; navy beans of Fort Ripley; beans from M. B. Clouse and Burbanks from J. J. Tucker, of Fort Ripley; also corn from Leon J. Clouse;

## HIS SILVER ANNIVERSARY

Rev. Father Daniel Lynch Will Celebrate Jubilee at Duluth on June 23

WAS FORMER BRAINERD PRIEST

Father Lynch Was a Pioneer in Priesthood of Church in Northern Minnesota

The Duluth Herald gives an extended mention of Rev. Father Daniel Lynch, who is soon to celebrate his silver jubilee. Father Lynch was a priest in Brainerd for many years, beloved by his parishioners and his friends of all denominations. The article states:

Rev. Father Daniel W. Lynch, pastor of St. James Catholic church, Fifty-seventh avenue west and Kinross place, will celebrate his silver jubilee, the twenty-fifth anniversary of his ordination to the priesthood, Sunday, June 23.

The principal ceremony of the celebration will be a solemn high mass to be celebrated in St. James' church at 10:30 a. m. on the anniversary, with Father Lynch as celebrant. He has invited to join with him in the celebration, Rev. Father Lamothe, of Little Falls, and Rev. Father Carey of Red Wing, who were ordained with Father Lynch twenty-five years ago. They will be deacon and sub-deacon of the mass if they are able to come to Duluth.

Rev. Father James McGrick, bishop of Duluth, will preach the sermon. Rev. Father H. A. Floyd, pastor of Sacred Heart cathedral, will be presbyter assistant at the solemn high mass, and the masters of ceremonies will be Rev. Father Begley, assistant at St. James', and Rev. Father Hogan of Hibbing.

A great many other church dignitaries and priests from Wisconsin and Minnesota will be in West Duluth to join with Father Lynch in the celebration. After the solemn high mass, they will be entertained at a banquet at St. James' parsonage, at which the felicitations of his brother priests and spiritual superiors will be extended to the West Duluth pastor.

The people of St. James' parish to whom Father Lynch has become greatly endeared during the six years of his pastorate, will take part in the celebration, by attending at the mass and at a reception, which will immediately follow. A presentation of a remembrance of the occasion will be made by the parishioners at the reception.

Father Lynch is a pioneer in the priesthood of the Catholic church in Northern Minnesota. He was born near Madison, Wis., Dec. 3, 1861, and took his course in theology at St. John's university, at Collegeville, near St. Cloud. He was ordained at the college on June 23, 1887.

The young priest's first charge was Hinckley and Pine City. He alternated Sundays between the two places and during the week visited mission charges in Pine county and in parts of Carlton, Kanabec and Mille Lacs counties. In the territory which he covered at that time, there are now five resident priests, at Sturgeon Lake, Sandstone, Hinckley, Pine City and Mora.

Father Lynch remained in his Pine county charge nearly five years, and on April 6, 1892, went to Brainerd, where the greater part of his twenty-five years of the priesthood was spent. He had besides Brainerd, mission charge of all of Crow Wing county, a territory in which four resident priests are now located. They are Father O'Mahoney and Father Crean at Brainerd, Father Lamey at St. Mathias and Father Quillen at Deerwood.

Father Lynch's pastorate at Brainerd was such that his transfer to West Duluth in 1906 was a cause of sincere regret among his former parishioners. He built a church and parsonage at Brainerd and built up a strong, flourishing parish. His work in the mission field was the forerunner of the location of priests to care for the ever-increasing flocks.

Father Lynch came to West Duluth on Aug. 12, 1906. He found the parish in debt to the extent of \$15,000 and one of his first works was to clear that away. The church is now entirely out of debt and improvements to the extent of \$5,000 have been made during his pastorate. The parish has grown during the past six years so that Father Lynch now requires an assistant to administer to it.

Father Lynch is a democratic, broad-minded churchman, who is popular among non-Catholics as well as Catholics in West Duluth. He takes a lively interest in secular as well as ecclesiastical affairs and his counsel is often sought in civic matters. His silver jubilee is an important event in his life and his non-Catholic friends will join with his parishioners in extending their felicitations on the completion of a quarter of a century of arduous effort in the work to which he was ordained.

## Gov. Eberhart Sees Game

Royalton, Minn., May 30.—With the governor of the state as a spectator the Little Falls ball club defeated the Royalton team Thursday by the decisive score of 9 to 2 and the Little Falls fans, about 400 in number, who accompanied the team, outrooted the Royalton spectators. The game was devoid of anything bordering on sensational plays but the fans who attended the game were well satisfied.

The Royalton fans were far outnumbered by the Little Falls people and after a few attempts to keep pace with the Little Falls rooters they gave up the attempt and kept a discreet silence. The support given to the team by the fans, both at home and at their out of town games has much to do with the success of the team. The booming of the drums and the voices of a few hundred fans has a disquieting effect on a pitcher's nerves and has had much to do with the result of the last two games.

Before the opening of the game Governor Eberhart made a short speech. The governor is an enthusiastic follower of the national game and he told how he was qualified to pitch the first ball. He once played in a game which was called at the end of the eighth inning because of darkness with the score 48 to 32. He was raised on a farm where he did considerable pitching and he made a home run when the ice cream freezer was opened. He has held down first "base" in a choir for a number of years and he has chased flies.

The governor lived up to his reputation when he stepped to the mound and the ball he threw cut the center of the plate just below the batter's shoulders. Thiels, the first man up could not resist the temptation and contrary to all custom slammed the governor's offering to left field for a two bagger. The Royalton players were so flustered by the hit that they juggled the ball and Thiels took third. Although entitled to the bag Thiels consented to make amends for his act by returning to the plate and batting over. He secured a base on balls but no runs were scored in the first two innings by either team.

In the third Dominick started the scoring, Little Falls securing three runs before it was over. Dominick started the fourth inning with a single which was followed by a double by Thiels and a single by Greisch, yielding two runs. Doty retired from the box after the fourth and Drechko was sent in. Drechko is a left handed pitcher and a former university star. He was given a cordial reception by the Little Falls batsmen.

## Benton County Wins

Special to Dispatch: St. Cloud, May 31.—The largest crowd that has attended a ball game this year saw the Benton county team win the game yesterday from the locals by a score of 2 to 1. The locals could not find Jake Thielman at the proper time and their fielding was not of the best, several batters getting hits that should have been outs. Pitcher Suttin of the locals, struck out 16 of the visitors, while Thielman struck out 11.

The game was fast and clean from the start. Benton started the scoring by making one in the third inning on a two bagger and an error. In the ninth they added another on a two bagger, a sacrifice fly and a single. The locals scored their one run in the seventh on a two bagger by Pitcher Suttin and a sacrifice and an error. Inability to hit was no doubt the cause of the fall down of the locals. Suttin pitched a great game and should have had a game won instead of lost. He and Thielman were even on the passes issued, each giving one man a life. The support of the locals was good in that when they made an effort to get the ball that they were successful in the most part. Only two errors are credited to them, while the Benton County team is charged with four bobbles.

## "Thelma"

A dramatization of Marie Corelli's most popular novel, "Thelma," will be presented at the opera house on Sunday evening, June 2nd, by a company of capable players. Every one who is familiar with the book, can easily realize the superb material it affords for the development of an unusual drama. Norwegian atmosphere is contrasted with English wealth and society.

Popular prices have been made for this interesting attraction. Seats will be on sale at the opera house Saturday, June 1st.

Jas. C. Dahlmann, serving his third term as mayor, Omaha, Neb., again was successful in receiving the overwhelming support of the voters in the primary election. He also successfully rid himself of a bad case of kidney trouble by the aid of Foley Kidney Pills and writes: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." What Foley Kidney Pills have done for Mayor Dahlmann they will do for any other person bothered with backache, rheumatism, or any other form of kidney or bladder trouble. Just try them for quick and permanent results. For sale by H. P. Dunn. mwf

## FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug  
An eminent skin specialist recently discovered a new drug ointment-doubling strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.  
Don't hide your freckles under a veil; get an ounce of ointment and remove them. Even the first night's use will show a wonderful improvement. Some of the freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.  
Be sure to ask for the double strength ointment. It is this that is sold on the money back guarantee.

## HIS SILVER ANNIVERSARY

Rev. Father Daniel Lynch Will Celebrate Jubilee at Duluth on June 23

WAS FORMER BRAINERD PRIEST

Father Lynch Was a Pioneer in Priesthood of Church in Northern Minnesota

The Duluth Herald gives an extended mention of Rev. Father Daniel Lynch, who is soon to celebrate his silver jubilee. Father Lynch was a priest in Brainerd for many years, beloved by his parishioners and his friends of all denominations. The article states:

Rev. Father Daniel W. Lynch, pastor of St. James Catholic church, Fifty-seventh avenue west and Kinneer place, will celebrate his silver jubilee, the twenty-fifth anniversary of his ordination to the priesthood, Sunday, June 23.

The principal ceremony of the celebration will be a solemn high mass to be celebrated in St. James' church at 10:30 a. m. on the anniversary, with Father Lynch as celebrant. He has invited to join with him in the celebration, Rev. Father Lamothe, of Little Falls, and Rev. Father Carey of Red Wing, who were ordained with Father Lynch twenty-five years ago. They will be deacon and sub-deacon of the mass if they are able to come to Duluth.

Rt. Rev. James McGolrick, bishop of Duluth, will preach the sermon. Rev. Father H. A. Floyd, pastor of Sacred Heart cathedral, will be presbytery assistant at the solemn high mass, and the masters of ceremonies will be Rev. Father Begley, assistant at St. James', and Rev. Father Hogan of Hibbing.

A great many other church dignitaries and priests from Wisconsin and Minnesota will be in West Duluth to join with Father Lynch in the celebration. After the solemn high mass, they will be entertained at a banquet at St. James' parsonage, at which the felicitations of his brother priests and spiritual superiors will be extended to the West Duluth pastor.

The people of St. James' parish to whom Father Lynch has become greatly endeared during the six years of his pastorate, will take part in the celebration, by attending at the mass and at a reception, which will immediately follow. A presentation of a remembrance of the occasion will be made by the parishioners at the reception.

Father Lynch is a pioneer in the priesthood of the Catholic church in Northern Minnesota. He was born near Madison, Wis., Dec. 3, 1861, and took his course in college at St. John's university, at Collegeville, near St. Cloud. He was ordained at the college on June 23, 1887.

The young priest's first charge was Hinckley and Pine City. He alternated Sundays between the two places and during the week visited mission charges in Pine county and in parts of Carlton, Kanabec and Mille Lacs counties. In the territory which he covered at that time, there are now five resident priests, at Sturgeon Lake, Sandstone, Hinckley, Pine City and Mora.

Father Lynch remained in his Pine county charge nearly five years, and on April 6, 1892, went to Brainerd, where the greater part of his twenty-five years of the priesthood was spent. He had besides Brainerd, mission charge of all of Crow Wing county, a territory in which four resident priests are now located. They are Father O'Mahoney and Father Crean at Brainerd, Father Lamey at St. Mathias and Father Quillen at Deerwood.

Father Lynch's pastorate at Brainerd was such that his transfer to West Duluth in 1906 was a cause of sincere regret among his former parishioners. He built a church and parsonage at Brainerd and built up a strong, flourishing parish. His work in the mission field was the forerunner of the location of priests to care for the ever-increasing flocks.

Father Lynch came to West Duluth on Aug. 12, 1906. He found the parish in debt to the extent of \$15,000 and one of his first works was to clear that away. The church is now entirely out of debt and improvements to the extent of \$5,000 have been made during his pastorate. The parish has grown during the past six years so that Father Lynch now requires an assistant to administer to it.

Father Lynch is a democratic, broad-minded churchman, who is popular among non-Catholics as well as Catholics in West Duluth. He takes a lively interest in secular as well as ecclesiastical affairs and his counsel is often sought in civic matters. His silver jubilee is an important event in his life and his non-Catholic friends will join with his parishioners in extending their felicitations on the completion of a quarter of a century of arduous effort in the work to which he was ordained.

Umpire, Bouton.

### Gov. Eberhart Sees Game

Royalton, Minn., May 30—With the governor of the state as a spectator the Little Falls ball club defeated the Royalton team Thursday by the decisive score of 9 to 2 and the Little Falls fans, about 400 in number, who accompanied the team, outrooted the Royalton spectators. The game was devoid of anything bordering on sensational plays but the fans who attended the game were well satisfied.

The Royalton fans were far outnumbered by the Little Falls people and after a few attempts to keep pace with the Little Falls rooters they gave up the attempt and kept a discreet silence. The support given to the team by the fans, both at home and at their out of town games has much to do with the success of the team. The booming of the drums and the voices of a few hundred fans has a disquieting effect on a pitcher's nerves and has had much to do with the result of the last two games.

Before the opening of the game Governor Eberhart made a short speech. The governor is an enthusiastic follower of the national game and he told how he was qualified to pitch the first ball. He once played in a game which was called at the end of the eighth inning because of darkness with the score 48 to 32. He was raised on a farm where he did considerable pitching and he made a home run when the ice cream freezer was opened. He has held down first "base" in a choir for a number of years and he has chased flies.

The governor lived up to his reputation when he stepped to the mound and the ball he threw cut the center of the plate just below the batter's shoulders. Thiels, the first man up could not resist the temptation and contrary to all custom slammed the governor's offering to left field for a two bagger. The Royalton players were so flustered by the hit that they juggled the ball and Thiels took third. Although entitled to the bag Thiels consented to make amends for his act by returning to the plate and batting over. He secured a base on balls but no runs were scored in the first two innings by either team.

In the third inning the scoring, Little Falls securing three runs before it was over. Dominick started the fourth inning with a single which was followed by a double by Thiels and a single by Greisch, yielding two runs. Doty retired from the box after the fourth and Drechko was sent in. Drechko is a left handed pitcher and a former university star. He was given a cordial reception by the Little Falls batsmen.

### Benton County Wins

Special to Dispatch: St. Cloud, May 31—The largest crowd that has attended a ball game this year saw the Benton county team win the game yesterday from the locals by a score of 2 to 1. The locals could not find Jake Thielman at the proper time and their fielding was not of the best, several batters getting hits that should have been outs. Pitcher Suttin of the locals, struck out 16 of the visitors, while Thielman struck out 11.

The game was fast and clean from the start. Benton started the scoring by making one in the third inning on a two bagger and an error. In the ninth they added another on a two bagger, a sacrifice fly and a single.

The locals scored their one run in the seventh on a two bagger by Pitcher Suttin and a sacrifice and an error. Inability to hit was no doubt the cause of the fall down of the locals. Suttin pitched a great game and should have had a game won instead of lost. He and Thielman were even on the passes issued, each giving one man a life. The support of the locals was good in that when they made an effort to get the ball that they were successful in the most part. Only two errors are credited to them, while the Benton County team is charged with four bobbles.

## "Thelma"

A dramatization of Marie Corelli's most popular novel, "Thelma," will be presented at the opera house on Sunday evening, June 2nd, by a company of capable players. Every one who is familiar with the book, can easily realize the superb material it affords for the development of an unusual drama. Norwegian atmosphere is contrasted with English wealth and society.

Popular prices have been made for this interesting attraction. Seats will be on sale at the opera house Saturday, June 1st.

Jas. C. Dahlmann, serving his third term as mayor, Omaha, Neb., again was successful in receiving the overwhelming support of the voters in the primary election. He also successfully rid himself of a bad case of kidney trouble by the aid of Foley Kidney Pills, and writes: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." What Foley Kidney Pills have done for Mayor Dahlmann they will do for any other person bothered with backache, rheumatism, or any other form of kidney or bladder trouble. Just try them for quick and permanent results. For sale by H. P. Dunn. mwf

## FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug

An eminent skin specialist recently discovered a new drug, ofline-double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of ofline and remove them. Given the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength ofline, it is this that is sold on the money back guarantee.

**Patrick Duluth**  
TRADE MARK  
Overall

THE really successful farmer knows how essential it is to have comfortable, durable clothes that allow perfect freedom of movement. He chooses Patrick-Duluth Overalls.

The actual merit of Patrick-Duluth overalls has won the enthusiasm of the men who do things in the Great Northwest. They are generous in cut; extra large bib; elastic in suspenders; patent cast-off at back; six large pockets, the back cut unusually high. The material used is stout, heavy drill and denim, double sewed with six cord thread.

Insist on your dealer showing you Patrick-Duluth men's shirts—women's tailored skirts, coats and dress goods—men's and women's Mackinaws—fine woolen blankets, etc. Be sure they carry the Patrick trade mark—it's your protection for quality.

Get our Patrick-Duluth "Quality Book." It's valuable to you.

## BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
